

Light Commercial Heat Pump

Powerful heat pumps ideal for large families and high hot water demand.

Digital Heating

Touch screen panel allows you to adjust your thermostat to save energy.

3 YEAR WARRANTY

Longest Full Warranty in Singapore

Other brands provide full warranties for 1 year. A. O. Smith heaters are warranted for 3 years – parts and labour, making this the longest water heater warranty in Singapore. Applicable for residential use only.

Using Earth's Renewable Energy

Heat pumps are water heaters which absorb free ambient air to heat up water, saving up to 80% of energy or around \$900 a year. Working range: 7 to 45°C.

$$\begin{matrix} 20 & + & 80 & = & 100 \\ \text{electricity} & & \text{free air heat} & & \text{hot water} \end{matrix}$$

AC Smith Light Commercial Heat Pump

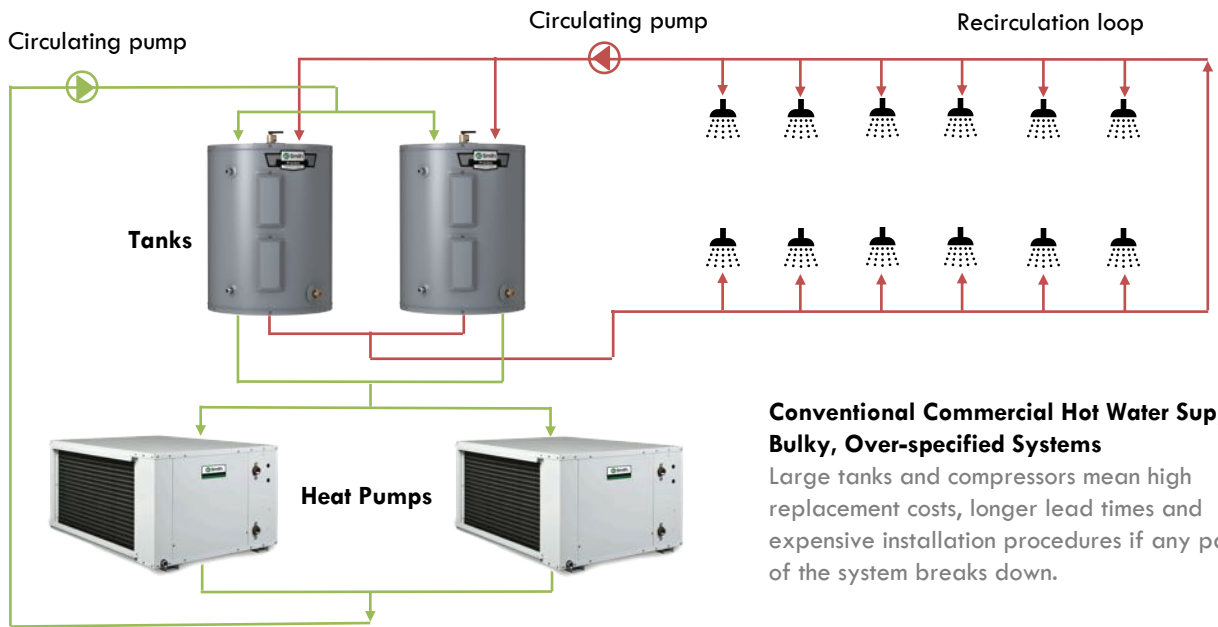

Raise Your Bathroom Ceilings

Centralized heating means there are no individual tanks installed in every bathroom ceiling. Raise your ceilings for a more spacious bathroom concept.

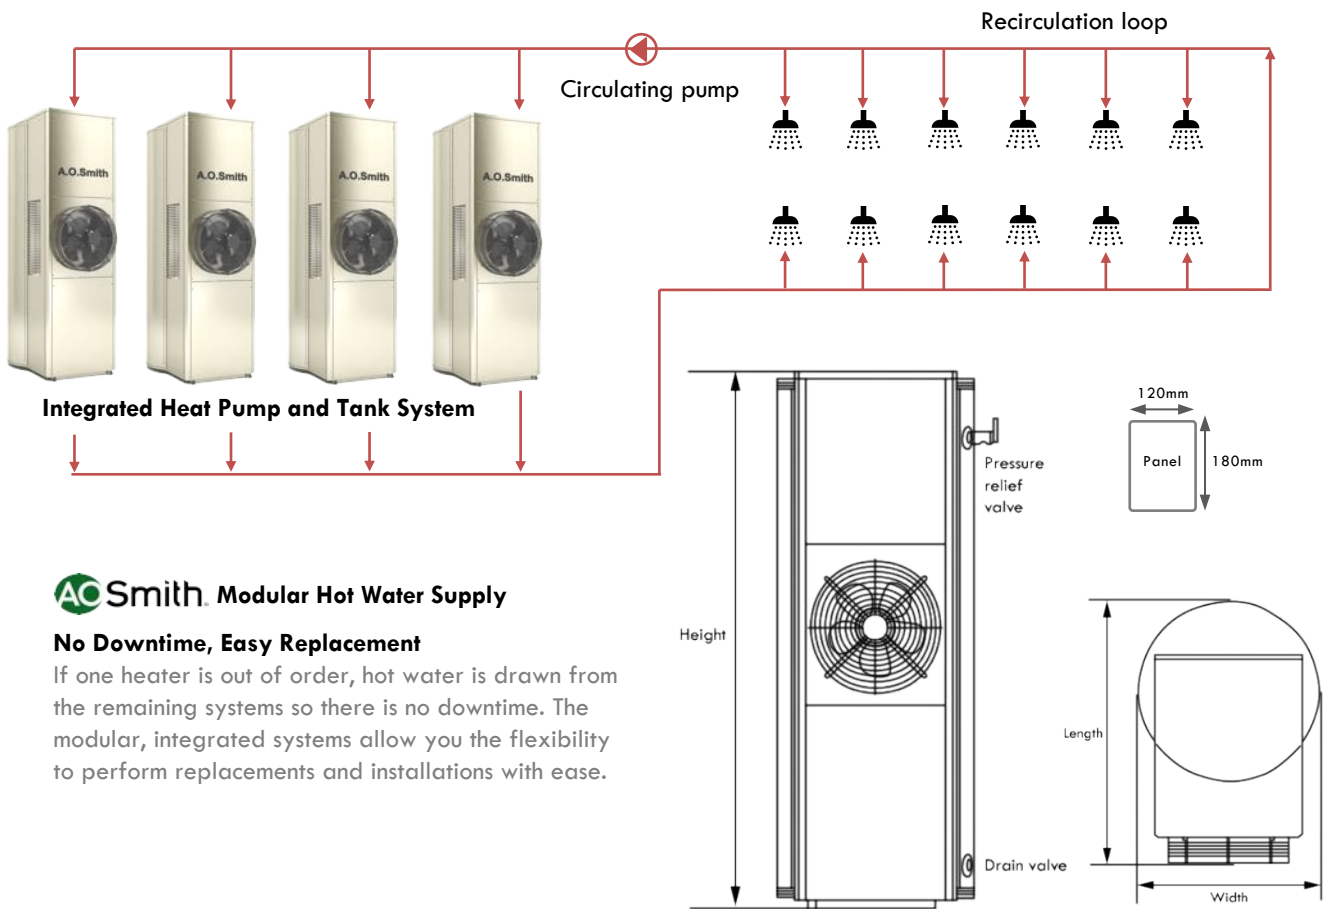

Weatherproof Systems

The Light Commercial Heat Pump is weatherproof and can be installed outdoors. Systems installed outdoors free up valuable internal living space.

Conventional Commercial Hot Water Supply Bulky, Over-specified Systems

Large tanks and compressors mean high replacement costs, longer lead times and expensive installation procedures if any part of the system breaks down.

AOSmith Modular Hot Water Supply

No Downtime, Easy Replacement

If one heater is out of order, hot water is drawn from the remaining systems so there is no downtime. The modular, integrated systems allow you the flexibility to perform replacements and installations with ease.

Model	Capacity (liters)	COP	Power (W)		Noise Level (dB)	Dimensions (mm) L x W x H	Net Weight (kg)
			Heat Pump	Electric			
CAHP-80	304	5.6	980	6800	≤58	910 x 610 x 1670	165
CAHP-120	456	5.6	980	6800	≤58	990 x 711 x 1700	198
