<b>Size (L x W x H)</b>	500 x 120 x 410 mm
<b>Power supply</b>	20A
<b>Weight</b>	8.5 kg

**1 One shower at a time**  
kitchen tap may affect pressure.

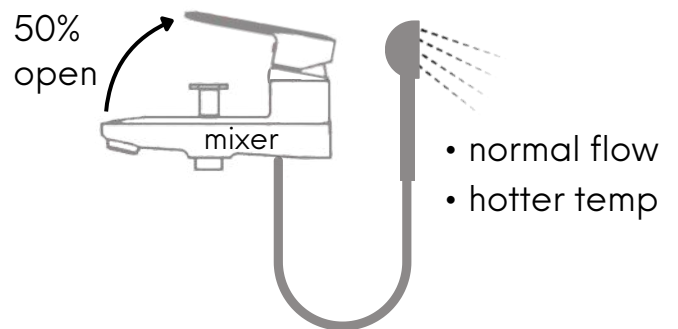

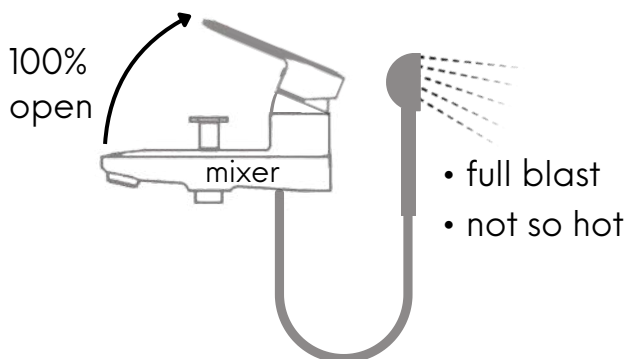

**2 Use a single lever mixer**  
easy to adjust temperature.

The lever controls water temperature

**3 How to use on hot days...**

**and on cool days**

**4 Avoid special mixers**

✗ **Thermostatic mixer**  
uneven temperature and pressure.

✗ **2-way mixer** must adjust both sides, hard to control.
